## PROFILE STORE

The Profile Store gift card offers flexible gift-giving as the recipient can choose from the entire assortment.

You decide the amount your recipient(s) can shop for and we'll create an exclusive, pre-paid gift card account in the Profile Store.

Your recipient(s) log in using the gift card's unique username and password which allows him/her to shop their favorite items up to the prepaid amount.

### Freight cost

The recipient of a gift card does not have to pay any freight charges. The shipping cost will be charged to you together with the ordered items. And relax, purchases made using a gift card cannot be combined with other purchases.
